I have attached three PDFs:

AdHoc Report on GNYRSO which explains in detail the investigation into the RSO finances. The report explains what does and doesn't work regarding the operations of the RSO. They also have suggestions how they believe the RSO can run efficiently. I will also suggest having a special worker.

CAR Motions is a list of the 16 motions.

CAR 2020 1-5 with links has an in-depth explanation of motions 1-5 which are World Board motions. There are 11 remaining regional motions which are self-explanatory.
